

We're reshaping for the future

a new role and a new name
for Ankerpoort

As part of the Sibelco Group, Ankerpoort has over the years developed a successful multi-mineral approach with a strong focus on product and application development. Now it's time to integrate with the wider Sibelco Europe organisation, sharing our skills and experience whilst benefiting from Sibelco's extensive resources. This will also be reflected in a new name. As from January 1, 2012 Ankerpoort will be known as:

Sibelco Europe MineralsPlus.

What to expect?

More than ever we will focus on continuous product development in collaboration with our valued partners. Our dedicated team will continue to deliver the same first class standards of service and support. Sales service and order processing remain as before and you

can continue to rely on your trusted contacts within our company.

In short, it is very much business as usual, except we now have access to the resources of the wider Sibelco Europe organisation, which in turn will benefit from our sourced minerals know-how.

Happy Holidays

May your holiday season and the New Year be filled with much joy, happiness and success. We

look forward to working with you in the coming year and hope our business relationship continues for many years to come.

**Happy holidays from the
Sibelco Europe MineralsPlus team!**
